The majority of respondents oppose lawmakers deciding when a person should get an abortion, and want Michiganders to vote on enshrining abortion access in the state Constitution.

I'm going to give you two statements, and then ask which one comes closer to your view. Here's the first statement: whether or not to get an abortion is a decision that should be made between a patient and a doctor. Here's the second statement: lawmakers should decide if and when a person can get an abortion. Which do you agree with more?

A ballot initiative that will add reproductive health rights, including abortion access, to Michigan's constitution may soon be added to the November 2022 election ballot.
